CREMATION ALTERNATIVES

Many options are available to consider with cremation and the staff at Harris Funeral Home would be pleased to talk with you about your preferences. Over two-thirds of the families we serve opt for cremation. Sometimes a traditional funeral takes place prior to cremation. Other times, a memorial service is arranged; this is generally accepted to mean that the body will not be present for a service.

When planning a memorial service family may choose to have a cremation urn present for visitation and services. As with traditional services, photos and flowers, music and ritual, may help to bring meaning and comfort. Our bright, homelike setting provides an ideal environment for family and friends to gather in remembrance.

We also offer Immediate Cremation services. Our fees are very competitive and as always, our staff are compassionate and will be attentive to your wishes.

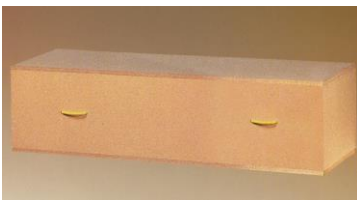

Memorial Service Package Includes:

GREEN BURIAL PRACTICES

Green Burial is an increasingly popular way to practice environmental responsibility and reduce your impact on the world. It allows you peace of mind in knowing that when it's time for burial, your body will be returned back into nature, naturally.

THE BASIC TENETS OF A GREEN BURIAL SERVICE INCLUDE:

- No embalming
- Direct earth burial
- Ecological conservation
- No permanent marker on grave / communal memorial

For our funeral home, this means that we provide services without embalming. There is no burial vault or outer shell for the casket at the cemetery. The casket is made entirely of wood, with no metal components or oil-based finishes, and the lining is unrefined cotton. This will allow the casket and body to decompose naturally back into the earth.

Harris Funeral Home is proud to be able to help families “green-up” their funeral services. We have facilitated such ceremonies over several years as more people embrace the concept and find it environmentally responsible. The lack of Green Cemeteries in London currently does not prevent us at Harris Funeral Home from offering our assistance with sustainable practices for your burial. Green options include organic caskets made from plant based materials, ethically grown (Wood) without toxic chemicals or oil finishes.

A Green Burial is not only an eco-friendly way to say goodbye, but it also aligns with the longstanding, faith-based burial practices of many groups. In fact, one could say that green burial is a new name for a very ancient tradition. Please contact us to discuss your preferences and costing.

AFTER-SERVICE RECEPTION

CATERED RECEPTION

The chance to gather with family and friends after a service offers an opportunity to relax and share a more informal time together. The welcoming salon and sunroom at Harris Funeral Home provide a lovely setting for just such a time.

Our fees include our facilities, server, beverages and china cups, saucers and sandwich plates:

- \$650 as part of packaged services

YOU MAY REQUEST THE CATERER OF YOUR CHOOSING

Catering options can be as simple as tea and cookies. Often, we arrange for sandwich and sweet trays to be delivered from trusted local providers.

We will assist with all of your catering requests and help to ensure that the reception is meaningful and comforting.

- Food charges billed 'at cost' as part of disbursements

CELEBRATION OF LIFE & LICENSED CATERING

Families often enquire about the availability of our facilities for a licensed event. We would also be pleased to assist with recommending a caterer that can provide a licensed gathering on-site at the funeral home.

A celebration can be scheduled so that our entire facility is dedicated to your gathering. With our help, you can arrange for special food choices, meaningful musical performances, touching photo tributes, and beautiful floral arrangements.

- Licensed caterer will invoice directly

Clergy honorarium – this is an amount paid to the clergy for their services. In some cases the amount is set by the clergy, in others it is an amount to be determined by you.

Newspaper or radio notices – these are charges for death notices placed in newspapers or radio or other media outlets. We are pleased to assist you with composing a notice and will look after submission to media outlets.

Municipal death registration fee – this is a fee charged by the local municipality to register the death. The fee is set by the municipality and may vary.

Bereavement Authority of Ontario – regulatory charge, consumer protection fee.

If you are prepaying for services or supplies, pre-authorized chequing is also available.

Financing

Our payment plans give you the option of making payments over time. We offer a competitive financing program, administration fees and interest rates.
